RE: Identification # C00347310

Year End Report 7/1/02-12//31/02

I am submitting two (2) pages from our year-end report that show the additional information requested by the commission. One item was for a \$50,000.00 contribution to the DSCC. It was an excess funds contribution that was not clearly designated as such and the other information that has been added is in each contribution made to a candidate the state and the office sought have been added to the record.

We thank the commission for their consideration and help in these matters.

Singerely,

Kathryn J. Dayiato Assistant Treasurer
